

## Product Specification Sheet

### FII 17" Hard Shell

Part #: TBD002EU

#### Product Description:

The FII Hard Shell Case is the next generation EVA offering from Targus.

This traditional looking slim line case is covered in nylon and designed to carry notebooks with screens up to 17". A simple file section and workstation are included, while a neoprene restraining strap ensures that your notebook is held securely inside the case. The simple workstation includes a small accessory pocket, business card holder and storage for CD/DVD's. Additionally there is more space so a power supply can be stored inside. Comfort carrying is addressed by the wrap around handles and removable shoulder strap.

This is the perfect solution for users wanting to transport everyday items in a simple, lightweight and rugged design.

#### Product Features and Specifications:

- Capacity: Interior notebook compartment designed to fit notebook with up to 17" screens (with additional space for a power supply)
